Terms of Service

TestnetCasino.com · a SoloChance.org project · Effective 8 November 2026

TestnetCasino.com is NOT a casino and NOT gambling. It is a free faucet for Bitcoin Cash Testnet4 test coins (tBCH), presented as slot machine games for fun and education. There are no deposits and no real money of any kind. tBCH have NO monetary value and cannot be exchanged for money. You must be 18 or older. The service is provided AS IS, without any warranty, and our liability is excluded to the maximum extent permitted by law. If you do not agree, do not use the service.

1. Agreement

These Terms of Service (the "Terms") govern your access to and use of TestnetCasino.com, its subdomains, its API at api.testnetcasino.com, and all related pages, games, features and content (together, the "Service").

By accessing or using the Service in any way, including browsing it, signing in or playing, you confirm that you have read, understood and accept these Terms and our Privacy Policy. If you do not accept them, you must not use the Service.

2. Who we are

The Service is a SoloChance.org project operated by a private individual based in the Republic of Estonia ("we", "us", "our"). You can contact us at **hello@solochance.org**.

3. What the Service is, and what it is not

The Service is a faucet for Bitcoin Cash Testnet4 coins ("tBCH", also counted in "tSats"; 1 tBCH = 100,000,000 tSats). Testnet4 is a public test network that exists so developers can test Bitcoin Cash software. Its coins are free and worthless by design. The Service hands them out through slot machine style games, for entertainment and education only.

- The Service is **not a casino, not a gambling service, not a lottery and not a game of chance for value**. Nothing of value can be staked, and nothing of value can be won.
- **There is no deposit of any kind**, not even of tBCH. You cannot buy credits, top up a balance or pay us.
- **tBCH have no monetary value**. They are not money, not legal tender, not an investment, not a security, not a financial instrument and not a crypto-asset with any market value. They cannot be redeemed, exchanged or sold for money, mainnet Bitcoin Cash, Bitcoin or anything else of value, by us or through us.
- No mainnet cryptocurrency (Bitcoin, Bitcoin Cash or any other) is ever paid out by the Service.
- Words such as "casino", "bet", "win", "jackpot", "RTP" and "house" are used for theme and entertainment only.

4. Eligibility

You must be at least **18 years old** (or the age of majority where you live, if higher) to use the Service. By using it you confirm that you are.

You are solely responsible for making sure that using the Service is lawful where you are. Do not use the Service where it, or anything resembling it, is prohibited or restricted. We may block, limit or refuse access from any country, region, network or person, at any time and without giving reasons.

5. Your account

You sign in with a Bitcoin Cash Testnet4 wallet (by signing a message) or with a passkey. There are no passwords. **We will never ask for your private key, seed phrase or password.** Anyone who does is not us.

- One account per person. Creating or controlling more than one account is not allowed.
- You are responsible for your wallet, your keys, your passkeys and your devices, and for everything done with your account. We cannot recover a lost passkey or a lost wallet.
- Accounts are personal and may not be sold, transferred, shared or rented.

6. Balances and test coins

Your balance is an entry in our records, counted in tSats. It is not a deposit, not a claim against us and not your property. It only reflects test coins that we may, at our discretion, send to a Testnet4 address you choose.

We may, at any time and without notice or liability, correct, adjust, reverse, freeze, cap, reset or remove any balance, bonus, win or ledger entry, in particular after an error, bug, outage, misuse, suspected abuse, a change or reset of the Testnet4 network, or to keep the faucet available to others. Outcomes produced by a malfunction are void.

The Testnet4 network can be reset, forked, abandoned or replaced by its developers at any time. If that happens, balances and coins may be lost or become unusable. We are not responsible for it.

7. Bonuses

Sign-up bonuses, daily bonuses and any other bonus are gifts of test coins. We may change their amount, timing and conditions, or stop them, at any time without notice. One bonus per person where a limit applies.

8. Games, fairness and results

Every spin is decided on our server with a provably fair system that you can verify on the fairness page. The published return to player (RTP) of 100.01% is a long-run statistical average and not a promise for any session, spin, period or player. Results are random: you may lose your whole test balance quickly.

The server's recorded result is final. If what you see on screen differs from the server's record (for example because of a display error, animation, connection problem or browser issue), the server's record prevails. We may change, remove or add games, paytables, features, limits and odds at any time.

9. Withdrawals

Withdrawals send tBCH on the Testnet4 network to the address you provide. They are a courtesy, not an obligation.

- Limits apply (currently 1,000 to 10,000,000 tSats per withdrawal, 1,000,000 tSats per player in 24 hours and 10 tBCH a day for the whole faucet) and may change at any time.
- We may disable, pause, delay, limit, refuse or cancel withdrawals at any time, for any reason or none.
- **You are solely responsible for the address you enter.** Blockchain transactions cannot be reversed. Coins sent to a wrong, mistyped, mainnet or unusable address are lost, and we will not replace them.
- We do not guarantee that a withdrawal is sent, confirmed or received, or how long it takes. A withdrawal that fails permanently is returned to your balance.

10. Coins sent to us and donations

Test coins you send to the house address (bchtest:qphp0rfnp6uyjfh5p235r8lwykv6knknfqqw5ghdxy) or to any other address of ours are voluntary returns to the faucet. They are not deposits, do not add to your balance and are not refundable.

Donations in mainnet Bitcoin or Bitcoin Cash to the addresses shown on the Service are voluntary gifts to support the project. They are final and non-refundable, give no right, credit, benefit or advantage in the Service, and are not payment for anything. Donations are entirely separate from the games.

11. Things you must not do

You must not, and must not help others to:

- use bots, scripts, automation or any non-human means to play, claim bonuses or withdraw;
- create or use multiple accounts, or get around limits, rate limits, blocks or bans (including with VPNs or proxies);
- exploit, or fail to report, a bug, error or vulnerability, or try to predict, influence or tamper with results;
- attack, overload, probe, scan, scrape or reverse engineer the Service or its infrastructure;
- sell, buy, trade or offer tBCH, balances or accounts for money or anything of value, or present the Service as gambling;
- use the Service for anything unlawful, fraudulent, abusive or harmful, or in breach of these Terms.

If we suspect any of this, we may suspend or close accounts and remove balances, without notice or liability.

12. Responsible play and health

The Service is meant as harmless fun with worthless test coins. It is not intended to encourage gambling, and it shows that even a machine paying back more than 100% can empty a balance fast. **If you have, or have had, a gambling problem, or are at risk of one, do not use the Service**, and consider seeking help from a professional or a support service. You use the Service at your own risk, and we accept no responsibility for any effect it has on your behaviour, health or wellbeing.

13. No advice

Nothing on the Service is financial, investment, legal, tax or other professional advice. Information about Testnet4, mining, wallets, fairness or anything else is general and educational, may be incomplete or out of date, and you should not rely on it.

14. Third parties

The Service relies on, links to or works with services we do not control, including the Bitcoin Cash Testnet4 network, its nodes and miners, block explorers (such as bchexplorer.cash), wallets, Cloudflare, GitHub Pages, Google Fonts and the test mining pools that supply coins. We are not responsible for their availability, content, security, privacy practices or actions, and your use of them is at your own risk and under their terms.

15. Intellectual property

The Service, its design, code, text, graphics, sounds, music and names belong to us or our licensors. You may use the Service only as allowed by these Terms. Emoji and fonts are used under their providers' licences.

16. Disclaimer of warranties

THE SERVICE IS PROVIDED "AS IS" AND "AS AVAILABLE", WITH ALL FAULTS AND WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, TITLE, NON-INFRINGEMENT, ACCURACY, AVAILABILITY, SECURITY OR UNINTERRUPTED OR ERROR-FREE OPERATION. WE DO NOT WARRANT THAT ANY BALANCE, RESULT, BONUS, WITHDRAWAL, TRANSACTION OR DATA WILL BE CORRECT, KEPT OR DELIVERED.

The Service is a hobby project offered free of charge. It may contain bugs, change, be interrupted or end at any time, with or without notice.

17. Limitation of liability

TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW, WE ARE NOT LIABLE FOR ANY LOSS OR DAMAGE OF ANY KIND ARISING OUT OF OR IN CONNECTION WITH THE SERVICE OR THESE TERMS, INCLUDING ANY LOSS OF TEST COINS, BALANCES, DATA, PROFITS, REVENUE, OPPORTUNITY OR GOODWILL, AND ANY INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY OR PUNITIVE DAMAGES, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, EVEN IF WE WERE TOLD THEY WERE POSSIBLE.

Where liability cannot be excluded, our total liability for all claims together is limited to **ten euros (EUR 10)**. Test coins and balances are worth nothing and are never compensated.

Nothing in these Terms excludes or limits liability that cannot be excluded or limited by law, such as liability for intent or gross negligence where the law does not allow it, or your mandatory rights as a consumer.

18. Indemnity

To the extent permitted by law, you agree to defend, indemnify and hold us harmless from any claim, loss, liability, damage, cost or expense (including reasonable legal fees) arising from your use of the Service, your breach of these Terms or of any law, or your violation of any third party's rights.

19. Suspension and termination

We may suspend, limit or close your account, or end your access to the Service, at any time, for any reason or none, with or without notice. You may stop using the Service at any time. Sections that by their nature should survive (including 3, 6, 9 to 13 and 16 to 22) survive termination. When an account is closed, its balance is not paid out.

20. Changes

We may change, suspend or discontinue the Service, or any part of it, at any time. We may update these Terms at any time by publishing a new version with a new effective date. Continuing to use the Service after that means you accept the new version.

21. Governing law and disputes

These Terms and any dispute arising from them or from the Service are governed by the laws of the Republic of Estonia, without regard to conflict of law rules. The courts of Estonia have exclusive jurisdiction, unless mandatory consumer protection law where you live gives you the right to bring a claim in your own courts. Please contact us first: most questions can be solved by email.

22. General

If any part of these Terms is found invalid or unenforceable, the rest remains in effect and the invalid part is replaced by the valid provision closest to its intent. Our failure to enforce a right is not a waiver. You may not transfer your rights under these Terms; we may transfer ours. These Terms and the Privacy Policy are the entire agreement between you and us about the Service. The English version is the only binding version.

23. Contact

Questions, notices or reports about these Terms: **hello@solochance.org**.
